The future of procurement is here

Modern businesses require agile, automated, and insight-driven procurement to stay competitive. Prokraya is a next-gen procurement platform designed to deliver full visibility, control, and intelligence across your entire Source-to-Pay (S2P) process.

- Built for enterprises, trusted by global leaders
- AI & automation embedded across workflows
- Secure, scalable, and integration-ready
- Modular & configurable to your needs

Product modules

eSourcing

Create and manage RFXs, and eAuctions effortlessly. Centralized sourcing workflows helps evaluate suppliers more effectively and reduce cycle times.

Supplier management

Onboard suppliers seamlessly, monitor risk continuously, and maintain up-to-date certifications and compliance records. Build stronger, safer supplier ecosystems.

Contract lifecycle management

Author, review, and approve contracts faster with dynamic templates, clause libraries, and AI-powered risk detection. Ensure compliance from draft to renewal.

Spend Analytics

Visualize every penny with intelligent spend analysis. Cleanse, categorize, and track spend patterns in real-time to make smarter sourcing decisions and identify savings opportunities.

Invoice automation

Accelerate invoice matching, automate validations, and prevent overpayments or fraud.

Key features

Unified Source-to Pay Platform

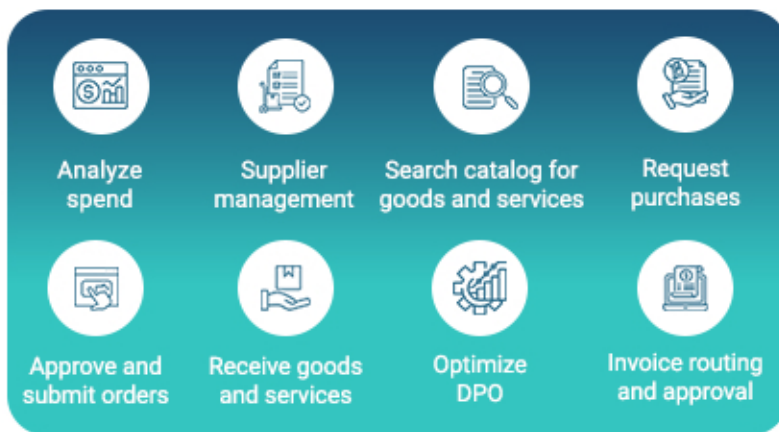

- End-to-end visibility
- Custom workflows per department/ country
- Collaboration across sourcing, finance, and operations

Embedded AI & Automation

- Smart supplier scoring
- Auto-classification of spend data
- Duplicate invoice detection

Dashboards & Reporting

- Real-time spend dashboards
- Compliance & audit trails
- Executive insights for CPOs & CFOs
- SLA compliance & renewal alerts

Why choose prokraya

One platform, total control

Entire procurement lifecycle is managed under one, integrated platform. Gain visibility, control, and insights across all functions and business units.

Real-time insights for every role

From procurement managers to CFOs, provide every stakeholder with actionable dashboards tailored to their KPIs.

Anywhere, anytime access

Cloud-native and mobile-ready, enabling teams to collaborate and approve from anywhere whether in office or on the go.

Rapid implementation, scalable architecture

Go live in weeks, not months. Modular deployment allows you to scale as you grow, with open APIs for seamless ERP and third-party integration.

Security & compliance

In a world of increasing regulatory pressure and cybersecurity threats, procurement platforms must protect both data and processes. Prokraya was built from the ground up with enterprise-grade security and governance controls.

- All data is encrypted in transit and at rest
- Role-based access ensures control across teams and geographies
- Every action is audit-logged and timestamped
- Built-in compliance modules support ISO, and GDPR mandates
- Vendor blacklisting, certificate tracking, and sanction checks included
